

Indicators of Success for Descriptive Feedback

- Do I use the indicators of success (for the material being assessed) as a guide?
- Do I provide suggestions and/or comments that can help the author(s) improve his/her/their work?
- Do I include examples from the work in my feedback?
- Do I point out what is good and why it is good?
- Do I explain what needs to be improved and why?
- Do I pose questions or make comments that can help the author(s) improve his/her/their mathematical thinking/ideas?
