

Indicators of Success for Effective Mathematical Discourse

- Can I explain my ideas clearly so others understand what I mean?
- Do I use listening skills such as paraphrasing and posing questions?
- Do I use math words correctly when I explain my thinking?
- Do I point out what is good and why it is good?
- Can I explain other people's ideas in my own words?
- When others talk, do I ask questions to help them explain their thinking?
