# 180 Days of Spelling & Word Study for Sixth Grade

# CH

# Introduction *(cont.)*

## Goals of the Series *(cont.)*

Vocabulary development is the third, and perhaps most critical, goal of the series. Tasks are meaning-based, so students cannot complete them successfully without some knowledge of the words' definitions or parts of speech. Additionally, activities are designed to deepen students' knowledge of targeted words by requiring them to manipulate synonyms, antonyms, and multiple meanings.

## Structured Practice

To be successful in spelling, students must focus on the words, word parts, patterns, and definitions. For that reason, this series uses structured practice. Rather than changing the activities week-to-week, the daily activities are repeated throughout the 36 units. That way, students can focus on the words instead of learning how to complete the activities.

The following activities are used throughout this book:

Title of Activity	Description
Analogies	Students use a word bank to complete analogies.
Cursive	Students write spelling words in their best cursive.
Here's the Scenario	Students use a word bank to construct questions or a paragraph based on a given scenario.
Idioms and Proverbs	Students use given words to analyze meanings of idioms and proverbs.
Parts of Speech	Students add or remove suffixes for given words.
Prefixes, Suffixes, and Roots	Students find a Greek or Latin root in the Word Bank words. Then, they match the word to their definitions.
Sentence Completions	Students use a word bank to complete sentences.
Synonyms and Antonyms	Students use a word bank to list synonyms or antonyms of given words.
Turn the Question Around	Students use given words to answer questions in complete sentences. <i>Turn the Question Around</i> means restating the question in the answer.
Word Sorts	Students sort words into categories.

# UNIT 1

## Short A Words

### WEEK 1

- abdomen
- acrobat
- agony
- altitude
- astronaut
- attitude
- Canada
- canopy
- collaborate
- congratulate
- contaminate
- disaster
- evaporate
- exaggerate
- gratitude
- latitude
- procrastinate
- sacrifice
- spatula
- stamina

### Focus

This week's focus is on multisyllabic words with a stressed short *a* syllable.

### Helpful Hint

Notice that all the words on this list have three or four syllables. The stressed syllable in each word has a short *a* sound (*at•ti•tude*, *dis•as•ter*). The unstressed syllables often contain a schwa sound pronounced /uh/. Because the schwa sound can be represented by any vowel, these syllables are tricky to spell.

See the Digital Resources for additional spelling activities.
