**SIGN UP FOR
FREE ACCESS**

Experienced authoring team: Julian Kitching, Ric Sims, and series editor Sue Bastian, the architect of the original Theory of Knowledge curriculum.

Structured to match the 2020 TOK Subject Guide, covering the Core Theme, Optional Themes and Areas of Knowledge.

Each chapter follows the Knowledge Framework, plus chapters on the Exhibition and the Essay.

Interactive features, including full text search, highlighting, bookmarking and note-taking for efficient study and revision, plus sample student essays with examiner commentary.
