Quick Start Guide

Mathology.ca Getting Started

- Log in
- Welcome to Mathology.ca!

- ✓ Go to <https://etr.mathology.ca>
- ✓ Enter your username and password

WELCOME TO MATHOLOGY.CA!

Contact help@mathology.ca for technology support.

DO THIS FIRST

Watch the Mathology.ca videos on the next page to get started.

- Searching for Content
- Making a Plan
- Teaching with Activities
- Teaching with Little Books
- Assessment
- Professional Learning

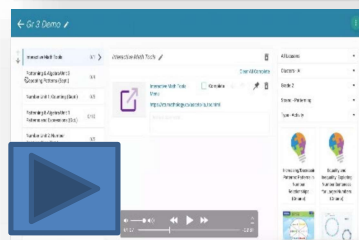

✓ Searching for Content

Search in Mathology.ca by keyword, curriculum or Learning Progression.

✓ Making a Plan

Select a sample Long Range Pathway and access all activities for your grade. Access the Virtual Tools. Move units to a different month, add or delete lessons, add in non-Mathology lessons to your plan.

✓ Teaching with Activities

Use Activities and tools connected to curriculum. Find lessons, line masters and student cards.

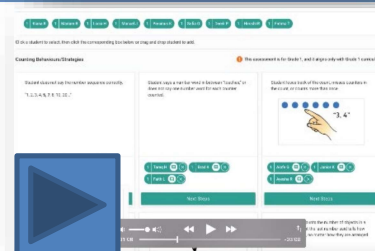

✓ Teaching with Little Books

Use Mathology Little Books and share with your students. Find assessments, activities and home letters.

✓ Assessment

Find how to track students along a continuum of learning and find next steps to move them further.

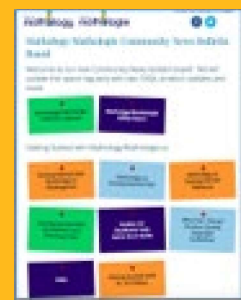

✓ Professional Learning

Watch Learning Highlight Videos and Learning Connection videos to learn more about student thinking, consolidation and Big Ideas in math.
