

# Master 6: Activity 4 Assessment

## Comparing Capacity

Comparing Capacities Behaviours/Strategies		
<p>Student thinks the tallest container holds the most.</p>	<p>Student does not fill containers to the top.</p> 	<p>Student spills sand when pouring from one container to another.</p> 
Observations/Documentation		
Empty space for student observations	Empty space for student observations	Empty space for student observations
<p>Student compares the capacity of each container to all others.</p>	<p>Student correctly orders the containers but has difficulty using measurement language to compare the capacities.</p>	<p>Student correctly orders the containers and uses measurement language to compare the capacities.</p>
