

# Master 10: Activity 6 Assessment

## Comparing Area

Comparing Area Behaviours/Strategies		
<p>Student leaves gaps or overlaps.</p> 	<p>Student lines up the squares along one side of the rectangle but does not consider the full surface area.</p> 	<p>Student covers the rectangular surfaces with no gaps or overlaps but has difficulty determining which of two surfaces has the greater area.</p>
Observations/Documentation		
<p>Student covers the rectangular surfaces with no gaps or overlaps but has difficulty ordering the surfaces from greatest to least area.</p>	<p>Student correctly orders the rectangular surfaces but has difficulty using measurement language to compare the areas.</p>	<p>Student correctly orders the rectangular surfaces and uses measurement language to compare the areas.</p>
Observations/Documentation
