

Master 12: Activity 6 Assessment

Translating Patterns

Translating Patterns Behaviours/Strategies		
<p>Student has difficulty selecting objects to make another pattern.</p>	<p>Student has difficulty using the given pattern core to make another pattern using different materials.</p>	<p>Student uses the given core in letters to create the pattern.</p> <p>Pattern Core: ABB Student's Pattern: ABBABBABB</p>
Observations/Documentation		
<p>Student uses objects that are not exactly the same to represent the same letter.</p> <p>Pattern Core: ABB Student's Core:</p> 	<p>Student thinks that two patterns that look/sound different have a different core.</p> <p>Pattern A:</p>  <p>Pattern B:</p> 	<p>Student represents a pattern in different ways and understands how the patterns are alike or different.</p>
Observations/Documentation
