

# Master 18: Activity 10 Assessment

## Patterns in Cycles: Identifying and Describing Patterns in Cycles

Identifying and Describing Patterns in Cycles Behaviours/Strategies			
<p>Student recognizes the elements of the pattern as a cycle but struggles to identify the missing element.</p>  <p><b>"I know they're the seasons."</b></p>	<p>Student struggles to identify the pattern core in a cycle.</p>  <p><b>"I can't find the core. I don't see parts that repeat."</b></p>	<p>Student struggles to understand change and constancy in repeating patterns and cycles.</p> <p><b>"Dogs don't grow like people."</b></p>	<p>Student identifies the pattern core and missing parts of patterns in cycles and describes change and constancy in them with ease.</p>
Observations/Documentation
