Master 16: Activity 9 Assessment
Creating Patterns: Consolidation

Creating Patterns Behaviours/Strategies		
Student has difficulty creating repeating patterns.	Student creates another pattern but has difficulty using the given pattern core.	Student can create a repeating pattern but has difficulty creating a pattern with a missing element or error.

Observations/Documentation

Student identifies a repeating pattern but has difficulty finding an error.	Student identifies a repeating pattern but has difficulty identifying a missing element.	Student extends repeating patterns, represents them in different ways, and finds errors and missing elements.

Observations/Documentation
