Making Comparisons

Comparing Objects Behaviours/Strategies		
<p>Student chooses unsuitable objects to make a comparison.</p> <p>“I will use the eraser and the pencil to compare capacity.”</p>	<p>Student attempts to compare objects by length but does not line them up along a baseline.</p>	<p>Student thinks a larger object has a greater mass or a taller object has a greater capacity.</p> 
Observations/Documentation		
<p>Student successfully chooses a tool to compare mass or capacity but does not understand how to use it.</p>	<p>Student correctly chooses and compares objects and checks the comparison but has difficulty using measurement language to describe the comparison.</p>	<p>Student correctly chooses and compares objects, checks the comparison, then describes the comparison using measurement language.</p>
