

# Master 39: Activity 13 Assessment

## Perspective Taking

Describing Different Perspectives Behaviours/Strategies		
1. Student chooses an object, but does not show understanding of the concept of perspective.	2. Student chooses an object, but struggles to view the object from different perspectives (cannot isolate a particular view).	3. Student views objects from different perspectives, but struggles to describe the perspectives.
Observations/Documentation		
4. Student views objects from different perspectives and uses gestures to describe the perspectives, but struggles to describe them with words.  “Looking this way!” 	5. Student views objects from different perspectives and describes the perspectives, but struggles to describe what the objects might look like from a different perspective.	6. Student successfully views and describes views of objects from multiple perspectives.
