

Master 42a

Bean Bag Toss

Amani and Avery each scored 50 points in the bean bag toss.

They each tossed the bean bag 3 times, but their tosses were not the same.

What might they have scored on each toss?"

For each player, write the score for each toss and a number sentence to show the sum.

Score	Toss 1	Toss 2	Toss 3	Sum
Amani				
Avery				

Name _____ Date _____
