## Rotation

The image shows a large dashed-line box divided into two horizontal sections. The top section is further divided into two vertical columns by a dashed line. In the top-left column, there are two smiley faces: the first has its tongue sticking out to the left, and the second is a 90-degree clockwise rotation of the first. In the top-right column, there are two smiley faces: the first has its tongue sticking out to the left, and the second is a 90-degree counter-clockwise rotation of the first. The bottom section of the box contains two smiley faces with their tongues sticking out to the left, one positioned above the other.

## Reflection

The dashed box contains the following faces:

- Top-left: A face with glasses, looking forward.
- Top-right: A face with glasses, looking forward.
- Bottom-left: A face with glasses, looking forward.
- Bottom-left (mirrored): A face with glasses, vertically mirrored (left side is right side).
- Bottom-right: A face with glasses, looking forward.
- Bottom-right (mirrored): A face with glasses, horizontally mirrored (top side is bottom side).
