

Activity 11 Assessment

Identifying and Extending Patterns

Identifying and Extending Repeating Patterns			
<p>Identifies repeating pattern (one of the changing attributes)</p>  <p>“Shape is changing. The pattern is: star, triangle, triangle.”</p>	<p>Identifies repeating pattern (two changing attributes)</p>  <p>“Colour and shape are changing.”</p>	<p>Identifies core of a repeating pattern</p>  <p>“The core is: blue star, blue triangle, red triangle.”</p>	<p>Uses core to extend the repeating pattern</p>  <p>“I drew the core on a piece of paper and moved it along the pattern to help me extend it.”</p>
Observations/Documentation
