

Activity 44 Assessment

Making Good Purchases

Making Good Purchases			
<p>Identifies products to compare but is unsure which factors are important to consider.</p> <p>“These are the 3 packages of pencils I would choose because they look the best.”</p>	<p>Considers a couple of factors (e.g., cost and quality) when comparing products to determine a good purchase.</p> <p>“It is important to compare the cost and quality of the products before making decisions.”</p>	<p>Considers multiple factors when comparing products to determine a good purchase.</p> <p>“I have to consider shipping costs too. Sometimes it costs money to get the product shipped and that adds to the total cost.”</p>	<p>Makes decisions about a good purchase by efficiently considering all factors</p> <p>“This product has a review of 4.8 from 10 reviews. That product has a review of 4.7 from 300 reviews. The second product is liked by a lot more people, so I chose that one.”</p>
Observations/Documentation
