

# Activity 33 Assessment

## Exploring Taxes

Exploring Taxes			
<p>Identifies the 3 levels of government in Canada that collect taxes.</p> <p>“I know that Canada has federal, provincial, and municipal governments that collect taxes.”</p>	<p>Identifies which level of government pays for different services.</p> <p>“Municipal government: libraries; Provincial government: provincial police; federal government: child benefits”</p>	<p>Estimates the total cost of items, including tax.</p> <p>“The two items cost about \$20. 10% of \$20 is \$2, 1% of \$20 is 20¢, so 3% is 60¢. The total cost is about \$22.60.”</p>	<p>Calculates the total cost of items, including tax.</p> <p>“The two items cost \$18.99. <math>\\$18.99 \times 1.13 = \\$21.4587</math>. The items cost \$21.46, including tax.”</p>
