Toque Cost: $7.00 Number bought: _____ Total cost (including sales tax):	**Scarf** Cost: $12.00 Number bought: _____ Total cost (including sales tax):

Warm Up the Community (cont'd)

What is the total cost of all the items?
Show your thinking.

Which strategies did you use to help calculate the sales tax?

How did you estimate to make sure the total cost was
no more than $800?
