

Geometry
Unit 1 Line Master 1

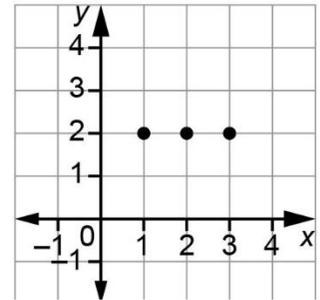

Where are My Watercraft?

Place at least one boat in each quadrant and part of the 5th boat must lie on an axis.

All watercraft must be placed either vertically or horizontally.

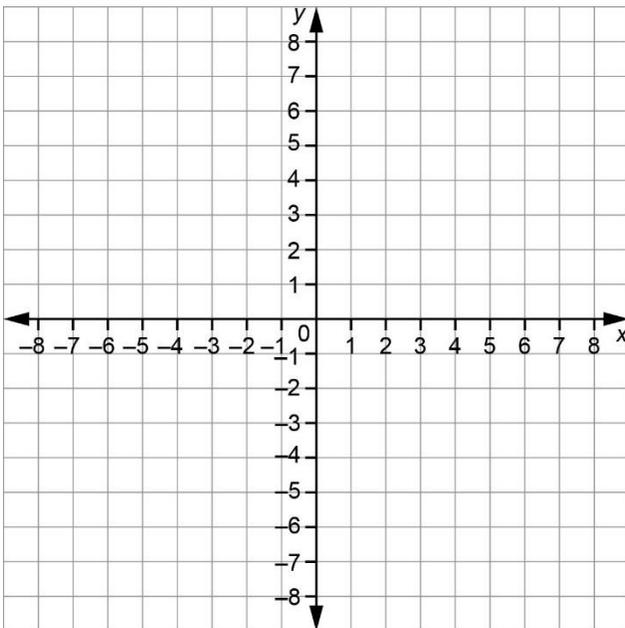

Pontoon Boat (5 points)
Fishing Boat (4 points)
Speed Boat (4 points)
Canoe (3 points)
Paddle Board (2 points)

To plot a watercraft, make sure each point is on a lattice point, e.g., canoe at (1, 2), (2, 2), (3, 2)

Take turns asking each other whether a point lands on one of the watercraft.
