## **Representing a Pattern**

N /-	<b>f</b> ing <b>f</b> in a <b>f f</b> and <b>f</b> a <b>f f f f f f f f f f</b>		
IVIY	first pattern, exte	ended to 5 terms	
Ta	ble of values		
	Term number	Term value	
Re	ationship betwee	n the term value	and term number
Alc	jebraic expressio	n that describes	the pattern
			-

## Representing a Pattern (cont'd)

My second pattern, extended to 5 terms Table of values          Term number       Term value
Term number       Term value
Reationship between the term value and term number
Reationship between the term value and term number
Reationship between the term value and term number
Reationship between the term value and term number
Reationship between the term value and term number
Reationship between the term value and term number
Reationship between the term value and term number
Reationship between the term value and term number
Algebraic expression that describes the pattern
