Unit 1 Line Master 7b

Choose Your Words Carefully Answers

1. Underline the words in each of these questions that bias the way someone might answer.

- a) “If you won \$10 000 000, how much would you generously donate to charity?”
- b) “Given it is the most important course in grade 9, do you think more time should be spent on mathematics?”
- c) “Do you think phones should be disallowed in school, since so many people take pictures of others and make fun of them?”
- d) “Like every other guest we’ve surveyed, do you also agree that our hotel offers the best amenities?”

2. For example:

- a) “If you won money in a lottery, what would you do with it?”
- b) “Do you think more time should be spent on mathematics in grade 9?”
- c) “Should phones be allowed in school?”
- d) “Of the hotels that you have recently stayed in, which one offered the best amenities?”
