A. STEM Skills and Connections								
A1. STEM Investigation and Communication Skills					Use a scientific research process, a scientific experimentation process, and an engineering design process to conduct investigations, following appropriate health and safety procedures			
A2. Coding and Emerging Technologies					Use coding in investigations and to model concepts, and assess the impact of coding and of emerging technologies on everyday life			
A3. Applications, Connections, and Contributions					Demonstrate an understanding of the practical applications of science and technology, and of contributions to science and technology from people with diverse lived experiences

B. Life Systems: Needs and Characteristics of Living Things								
B1. Relating Science and Technology to Our Changing World		Assess the importance of a healthy environment for living and non-living things, and the responsibilities of humans in contributing to a healthy environment						
B2. Exploring and Understanding Concepts		Demonstrate an understanding of the basic needs and characteristics of living things, including humans

C. Matter and Energy: Energy in Our Lives								
C1. Relating Science and Technology to Our Changing World		Assess uses of energy at home, at school, and in the community, and suggest ways to use energy responsibly						
C2. Exploring and Understanding Concepts		Demonstrate an understanding of how energy affects their lives, and that the Sun is the principal source of energy for Earth

D. Structures and Mechanisms: Everyday Materials, Objects, and Structures								
D1. Relating Science and Technology to Our Changing World		Assess the impact on people and the environment of everyday objects, including structures, and the materials they are made of						
D2. Exploring and Understanding Concepts		Demonstrate an understanding that objects, including structures, have observable characteristics and are made from materials with specific properties that determine how they are used

E. Earth and Space Systems: Daily and Seasonal Changes								
E1. Relating Science and Technology to Our Changing World		Assess the impact of daily and seasonal changes on living things, including humans						
E2. Exploring and Understanding Concepts		Demonstrate an understanding of daily and seasonal changes and of how living things respond to those changes
